"MUSIC" ON THE THAMIS.

At a meeting of the Thames Conservancy Board, some amusement was caused during | Paris, equal to that of any of the principal the consideration of an application by a correspondent for permission to play a violin at Shiplake and Hambleden locks. Lord Desborough, the Chairman, remarked that the request was a modest one, but another complexion was put on the affair by the report from the Chief Inspector, who wrote that he " was unable to recommend that the permission should not be granted. The worst of it was that the man was unable to play. He certainly succeeded in producing sounds from the instrument which did not enhance the pleasure of people passing through the lock, but there might be some advantage in the fact that it prevented persons from assembling to watch the traffic passing through." Sir R. Melvill Beachcroft; I move the permission be granted provided he does not play the violin (laughter). The Board ultimately resolved to grant the

HONGKONG TIDES

The tide table given below has been compiled at the Nautical Almanae Office in Loudon from the result of the analysis. increased in all districts, slightly along the of observations taken by means of an au tomatic tide-recording machine in the Wa-ter Police Basin at Trim Sha Tsui during the years 1887-8-9.

The zero of the table corresponds: with the zero of the coundings in the Admiralty Charts which has been found to be a feet 3 inches below mean sea level.

To obtain the depth of water on the tide gauge at the Victoria Naval Yard add Floot 4 inches, and on the gauge at Lamour Dick, Aberdeen, add 10 feet 6 inches at
